

2018 Whiskey Hill Syrah Technical Data

Winemaker Notes:

This wine surprises me every years it's typically warmer climate grape. Syrah was the second type of wine we ever made adding it in 2014. At first it was just something besides Pinot Noir to add to our list but it has become one of the favorites! The fruit is from our awesome neighbors at St. Josef's with one of the oldest Syrah vineyards in all of Oregon. We get something MUCH different from a normal warm climate Syrah out of it, bigger than Pinot Noir but still light, fruity and delightful!

Enjoy!
Chris Helbling
Winemaker
